SEQUENCE SUBMISSION STATEMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

This is in response to the Notice to Comply with Requirements for Patent Applications containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures mailed September 14, 2000. As requested in the Notice to Comply, the Substitute Sequence Listing provided herewith has been amended to add section (iv) relating to the correspondence address of the prosecuting attorney. In addition, the description of the length of SEQ ID NOs. 305 and 311 has been amended to specify that these nucleic acids are 47 bases long rather than 48 bases long. Accordingly, the description of the length now corresponds to the lengths of the nucleic acid sequences provided in the originally filed Sequence Listing.

I hereby state that the Substitute Sequence Listing does not include new matter.

Appl. No. : 463,075
Filed : January 14, 2000

I hereby state that the substitute copy of the computer readable form, submitted in accordance with 37 C.F.R. §1.825(b), is the same as the Substitute Sequence Listing.

Respectfully submitted,

KNOBBE, MARTENS, OLSON & BEAR, LLP
